Science and Culture make some **VALUES** to keep,  
Software realizes the **VALUES**

Software  
=  
Open Source  
Software

Software  
Developer  
=  
Open Source  
Software  
Developer

**R&D**

**=**

**Open Source**

**R&D**

# Open Source Software

---

- Producer and consumer at the same time
- Big source of innovative technologies
- Force to sustain software eco-system

The image features three digital clocks stacked vertically. The top clock is orange and shows 'OCT 26 1985 09:00'. The middle clock is green and shows 'OCT 28 2015 07:28'. The bottom clock is blue and shows 'NOV 00 0000 00:00'. Each clock has labels for MONTH, DAY, YEAR, PM, HOUR, and MIN. The text 'It's already 2016.' is overlaid on the top clock, 'Without Diversity,' on the middle clock, and 'Nothing is Meaningful.' on the bottom clock.

**It's already 2016.**

**Without Diversity,**

**Nothing is Meaningful.**

# Open Source Software

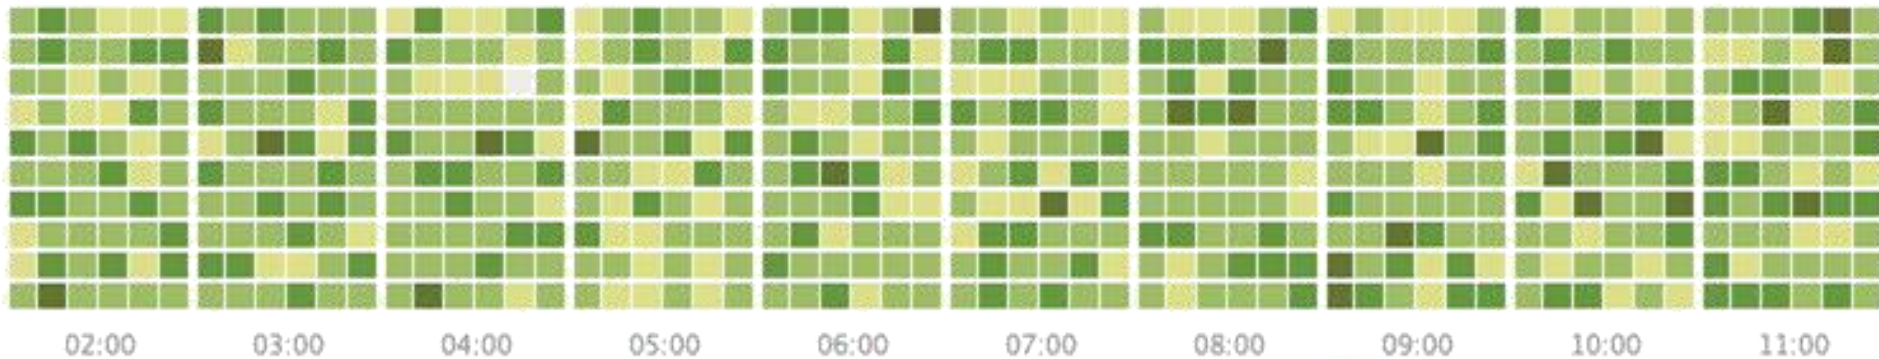

can encourage

**DIVERSITY**

# COMMUNITY

## means

# DIVERSITY

# DIVERSITY in TIME

Enjoy Together  
Eat Together  
Code Together  
Learn Together  
and..

**Fly** Together

# Thank you
